

THEA is a new generation printer for Retail & Hospitality applications. THEA, with its innovative and attractive design introduces two important innovations to the market:

- printing on 70mm format in addition to 60mm
- autocoder with rotating disc (>1.000.000 cuts guaranteed)

**Main Features:**

- High printing speed >160mm/sec
- Exceptional autonomy of operation (roll diameter 80mm)
- ESC/POS compatible
- Fiscal version available
- With provision for the use of fan fold rolls
- Easy paper loading

Pos Printers

	Thea
Printing method	Thermal line printing
Resolution	203dpi
Printing speed	160 mm/sec
